EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Perter Eng, # 39,666 on 7/28/04. Applicant agreed to cancel claims 21-23.

Reason for allowance

The following is an examiner's statement of reasons for allowance:

1. Applicant arguments filed on 10/20/03 are considered persuasive in regard to patentability over the art of record in view of page 7 and 8 which describe a system for exchanging communications between a mobile device and a network; including a conversion engine coupleable to a mobile device to accept a request for a content from a network site, the conversion engine including logic to convert the content from the second language to the first language and signaling the content to be rendered as one or more pages on the mobile device, wherein the first language allows only a single input entry per page, and second language allows for multiple input entries per page; and wherein the conversion engine restructures a plurality of internal links in the content rendered on the mobile device, and wherein the restructured internal links are selectable on the mobile device to generate a second request for another content from a second network site without the conversion engine converting the second request to the second language.

2. Claims 14 and 27 contain similar limitation as claim 1. Therefore claims 14 and 27 are allowable.
3. Claim 2-11,13, and 15-18,24,25 depend on claims 1 and 14, respectively, and are considered allowable on the same basis as the independent claim as well as for the further limitations set forth.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
